

Nondiscrimination/Equal Opportunity

AC

The District is committed to providing a safe learning and work environment where all members of the school community are treated with dignity and respect. The schools in the district are subject to all federal and state laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, sex, sexual orientation, national origin, religion, ancestry and other categories protected by law. Accordingly, no otherwise qualified student, employee, applicant for employment or member of the public shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any district program or activity on the basis of race, color, national origin, ancestry, creed, religion, sex (which includes marital status), sexual orientation, disability or other status protected by law. Discrimination against employees and applicants for employment based on age and genetic information is also prohibited in accordance with state and/or federal law.

This policy and regulation shall be used to address all concerns regarding discrimination and harassment, except those regarding sexual harassment which are addressed in policies GBAA and JBB.

In keeping with these statements, the following shall be objectives of this school district:

1. To promote the rights and responsibilities of all individuals as set forth in the state and federal constitutions, pertinent legislation and applicable judicial interpretations.
2. To encourage positive experiences in terms of human values for children and adults who have differing personal and family characteristics or who come from various socio-economic, racial and ethnic groups.
3. To consider carefully, in all decisions made which affect the schools, the potential benefits or adverse consequences that those decisions might have on the human relations aspects of all segments of society.
4. To utilize educational experiences to build each individual's pride in the community in which he or she lives.
5. To initiate a process of reviewing all policies and practices of this school district in order to achieve the objectives of this policy to the greatest extent possible.
6. To investigate and resolve promptly any complaints of discrimination and harassment.
7. To investigate and appropriately discipline staff and students found to be responsible for incidents of harassment or discrimination in violation of district policy.

Annual notice

The district shall issue a written notice prior to the beginning of each school year that advises students, parents, employees and the general public that the educational

programs, activities and employment opportunities offered by the district are offered without regard to race, color, sex (which includes marital status), sexual orientation, religion, national origin, ancestry, creed, disability or any other status protected by law. With respect to employment practices, the district shall also issue written notice that it does not discriminate on the basis of age or genetic information. The announcement shall also include the title, address, email address and telephone number of the person designated to coordinate Title IX and Section 504 and ADA compliance activities.

The notice shall be disseminated to persons with limited English language skills in the person's own language. It shall also be made available to persons who are visually or hearing impaired.

The notice shall appear on a continuing basis in all district media containing general information, including: teachers' guides, school publications, the district's website, recruitment materials, application forms, vacancy announcements, student handbooks, school program notices, summer program newsletters and annual letters to parents.

Harassment is prohibited

Harassment based on a person's race, color, national origin, ancestry, creed, religion, sex (which includes marital status), sexual orientation, disability or other protected status is a form of discrimination prohibited by state and federal law. Preventing and remedying such harassment in schools is essential to ensure a nondiscriminatory, safe environment in which students can learn, employees can work and members of the public can access and receive the benefit of district facilities and programs. All such harassment, by district employees, students and third parties, is strictly prohibited.

All district employees and students share the responsibility to ensure that harassment does not occur at any district school, on any district property, at any district or school-sanctioned activity or event, or off school property when such conduct has a nexus to the school, or any district curricular or non-curricular activity or event.

For purposes of this policy, harassment is any unwelcome, hostile and offensive verbal, written or physical conduct based on or directed at a person's race, color, national origin, ancestry, creed, religion, sex, sexual orientation, disability or other protected status that: (1) results in physical, emotional or mental harm, or damage to property; (2) is sufficiently severe, persistent, or pervasive that it interferes with an individual's ability to participate in or benefit from an educational program or activity or creates an intimidating, hostile or threatening environment; or (3) substantially disrupts the orderly operation of the school. Board policy on sexual harassment (GBAA for employees and JBB for students) will apply to complaints alleging sexual harassment.

Harassing conduct may take many forms, including, but not limited to:

1. verbal acts and name-calling;
2. graphic depictions and written statements, which may include use of cell phones or the Internet; and
3. other conduct that may be physically threatening, harmful or humiliating.

Reporting discrimination and harassment

Any student who believes he or she has been a victim of discrimination or harassment in violation of District policy, or who has witnessed such discrimination or harassment, shall immediately report it to an administrator, counselor, teacher or the district's compliance officer and file a complaint as set forth in the regulation which accompanies this policy.

Any employee, applicant for employment or member of the public who believes he or she has been a victim of discrimination or harassment, or who has witnessed such discrimination or harassment, shall file a complaint with either an immediate supervisor or the district's compliance officer.

If the individual alleged to have engaged in prohibited conduct is the person designated as the compliance officer, the complaint shall be made to the superintendent who shall designate an alternate compliance officer to investigate the matter.

District action

All district employees who witness discrimination or harassment shall take prompt and effective action to stop it, as prescribed by the district.

The district shall take appropriate action to promptly and impartially investigate allegations of discrimination and harassment, to end such behavior, to prevent the recurrence of such behavior and to prevent retaliation against the individual(s) who files the complaint and/or any person who participates in the investigation. When appropriate, the district shall take interim measures during the investigation to protect against further discrimination, harassment or retaliation.

To the extent possible, all reports of discrimination or harassment will be kept confidential. Students or employees who knowingly file false complaints or give false statements in an investigation shall be subject to discipline, up to and including suspension/expulsion for students and termination of employment. No student, employee or member of the public shall be subject to adverse treatment in retaliation for any good faith report of harassment under this policy.

Upon determining that incidents of discrimination or harassment are occurring in particular district settings or activities, the district shall implement measures designed to remedy the problem in those areas or activities.

Any student or employee who engages in discrimination or harassment in violation of District policy shall be disciplined according to applicable District policies, and the district shall take reasonable action to restore lost educational or employment opportunities to the individual(s) caused by the discrimination or harassment.

In cases involving potential criminal conduct, the compliance officer shall determine whether appropriate law enforcement officials should be notified.

Notice and training

To reduce discrimination and harassment and ensure a respectful school environment, the administration is responsible for providing notice of this policy to all district schools and departments. The policy and complaint process shall be referenced in student and employee handbooks and otherwise available to all students, staff and members of the public through electronic or hard-copy distribution.

Students and district employees shall receive periodic training related to recognizing and preventing discrimination and harassment. District employees shall receive additional training related to handling reports of discrimination and harassment. The training will include, but not be limited to:

- awareness of groups protected under state and federal law and/or targeted groups;
- how to recognize and react to discrimination and harassment; and
- proven harassment prevention strategies.
